SUNCHASER CONVERTIBLE

Australia's most beautiful driving machine.

The newest addition to motoring in Australia. Toyota's quality and reliability combined with Canopy's 26 years of experience in the specialty after market car industry has produced an unparalleled open-air experience for you.

We've taken the effort out of convertible top operation with our exclusive power-top mechanism. One touch and the sun shines in. If there's a sudden change in the weather, you're only seconds away from protection with the touch of a button. This luxury is ready for you now with the Sunchaser Celica Convertible.

Each convertible is equipped with a specially designed steel chassis and inner support system along with the standard full-power top. Four passenger seating. Every top is custom-fitted to the car and hand-crafted to meet rigid quality standards. Attention to detail means trouble-free operation for you.

Join the adventure, freedom and feeling of top-down motoring.

Step out of the pack.
