

# Pitt IEEE

## SPONSORSHIP

With a core purpose to foster technological innovation and excellence for the benefit of humanity, IEEE impacts the global technical community. Our universally recognized members contribute to technology and their professions to improve global conditions.

The University of Pittsburgh student chapter achieves these goals through professional development programming, collaborative activities with professional IEEE chapters, and social events designed to grow a sense of community among our members.

## *Engage with Pitt's Institute for Electrical and Electronics Engineers*

### **Student Activities Conference\***

Hosted by Pitt for the 2017-2018 school year, this annual student led conference is held in April 2018 attracting over 250 engineering students from over 25 universities across the Northeastern United States. Engineering students participate in a wide range of events from professional panels on the importance of professional organizations and diversity in the workplace to prize-driven competitions that focus on skills, such as programming, circuit design, and ethics. The conference offers many opportunities for employers, professionals, and students to network during professional development events.

### **Ethics Conference\***

Pitt IEEE hosts an ethics competition and conference for the student chapters of IEEE in the Southwestern Pennsylvania region on November 11th, 2017. Students from Pitt, CMU and WVU will compete in teams to tackle the major ethical questions facing STEM and business. A major networking event follows the competition in the evening.

*\*Additional sponsorship opportunities available upon request.*

### **Company Visit & Tour**

An on-site visit for students to tour company facilities. Pitt will provide transportation. We work with you to target students based on expected graduation date and degree major/minors.

### **LinkedIn Workshop**

Company representative hosts a fifty-minute interactive LinkedIn workshop for students. Workshop hosted via webinar or on-campus presentation.

### **Tech Talks**

We host students and faculty from all departments to hold TEDx-style talks about the latest technology and research. Have an engineer from your company join us!

### **Company Information Session**

Information session about what the company does and its relevance to students, including employment opportunities.

### **Lunch and Learn**

Pitt IEEE provides a catered lunch allowing for 10 students and up to 2 company representatives to learn more about your company and opportunities.

## SPONSORSHIP LEVELS

*Like our organization, we designed our sponsorship levels around nature's constants. As a premier organization on campus we sweat the small details!*

### General Sponsor - \$500+

- Company Logo on Website
- Invitation to Participate in Academic and Professional Panels

### Golden Ratio Sponsor - \$1,618.03+

- Company Information Session
- Company Logo on Event Posts on Social Media and Presentation Slides

### Euler Sponsor - \$2,718.28+

- Access to Pitt IEEE's Closed LinkedIn Group for One Year
- Opportunity to Host a Technical Talk
